EDUCATIONAL AND NONPROFIT INSTITUTIONS RECEIVING PRIME CONTRACT AWARDS OVER \$10,000 FOR RESEARCH, DEVELOPMENT, TEST, AND EVALUATION WORK

FISCAL YEAR 1978

This report presents data on Department of Defense prime contract actions over \$10,000 for research, development, test, and evaluation (RDT&E) work awarded to educational and nonprofit institutions during fiscal year 1978.

There are three sections to this report which list contractors alphabetically by type of institution. The first section lists educational and other nonprofit institutions in the United States; the second lists U.S. government agencies; and the third section lists foreign institutions and government agencies.

The locations shown are those where the work was expected to be performed. Generally, the location is an institution's laboratory or other facility. However, if the work was scheduled to be performed at a defense activity, such as an Air Force Base, the location is the defense activity rather than the institution's facility. The dollar amounts shown include only prime contract awards over \$10,000 for RDT&E work. They exclude any other services, such as training services, or any supplies furnished by these contractors.

The following table presents the number of institutions and the amount of RDT&E awards by type of institution for both fiscal years.

| | Fiscal Year | | | | | | |
|---|-------------------|----------------------|-------------------|-------------------|--|--|--|
| | 1 | 977 | 1. | 978 | | | |
| TYPE OF INSTITUTION | Number | Amount (Millions) | Number | Amount (Millions) | | | |

In fiscal year 1978, educational and nonprofit institutions received DoD prime contract awards over \$10,000 for RDT&E totaling \$820 million compared to \$721 million in fiscal year 1977. This represents an increase of \$99 million or 14 percent. This was a significant increase as

the amount of these awards from 1976 to 1977 was \$6 million, or less than one percent. Awards to U.S. government agencies showed the largest gain of all institutions, increasing from \$15 million in 1977 to \$26 million in 1978, an increase of \$11 million, or 73 percent.
